- STEP 1** **Cut** out paper dolls along the dashed lines
Be careful and precise for clean edges.
- STEP 2** **Cut** out stands along the solid lines
These will double up as rings for finger puppets.
- STEP 3** **Glue** ends of each stand together to form a ring
Ensure the shape is secure before moving to the next step.
- STEP 4** **Glue** each paper doll to its stand
Make sure the dolls are upright and aligned properly.
